Any art form is the medium of expression and it is believed that theatre is the strongest medium of individual and social expression.

Jairangam started in year 2012, every year Jairangam is growing bigger, relevant and more responsible. Through this span of journey, we realize that it is important to find ways to make itself sustainable with the help of friends who believe in power of expression as a tool to bring a change!

### **RAISING FUNDS FOR SUSTAINABILITY**

We believe in what we do and have faith in the power of theatre. It is the people that make it a wonderful world to be part of; as you do. Through consistent working on the line, "Jairangam", we have been able to generate and add entirely new set of audience by bringing best of the theatre for them to watch, appreciate and connect!

*We look at individuals to support the movement by creating a community of art lovers called "Friends of Jairangam" aka "FoJ".*

FOJs own the festival with the gesture of friendship. Various categories provide opportunity and responsibility to participate and contribute as a friend. We believe in relationship and earnestly wish to extend and expand on personal relations to build internal self support for the festival to survive forever.

The money will completely go into the efforts of our artists, logistics and corpus, which together make art happen, year after year!  
Important is your support, as a friend!
